Mixing and Application

Please note that NeverStrip Color Release is for professional use only by NeverStrip Certified Technicians. For more information, please consult with your NeverStrip Floor Coatings Representative.

Instruction

- 1 Mist NeverStrip Color Release onto a damp micro-fiber mop and apply thoroughly to tile surface with approximately 1" overlap
- 2 DO NOT ALLOW pooling of sealer into grout lines
- 3 Allow 15 minutes and then proceed with application of NeverStripColor Sealer

For more information, please consult with your NeverStrip Floor Coatings Representative.

Health and Safety Precautions

KEEP OUT OF THE REACH OF CHILDREN. NeverStrip Color Release is an alkaline and may cause eye and skin irritation. Do not take internally. Avoid prolonged contact with skin. Avoid ingestion of material. If swallowed, do not induce vomiting – call physician. Avoid contact with eyes. Protective clothing is recommended. Protective goggles are recommended in case of splashing. If splashed in eyes, wash immediately with clean water and call physician if irritation persists. Contact areas should be thoroughly washed with soap and water. Additional precautions, safety information and first aid treatments are contained in the Material Safety Data Sheet. NeverStrip Color Release will bond to most surfaces - immediately wash off over spray with water and mild detergent. Caution: Surfaces wet with NeverStrip Color Release may be slippery.
